Read All About It
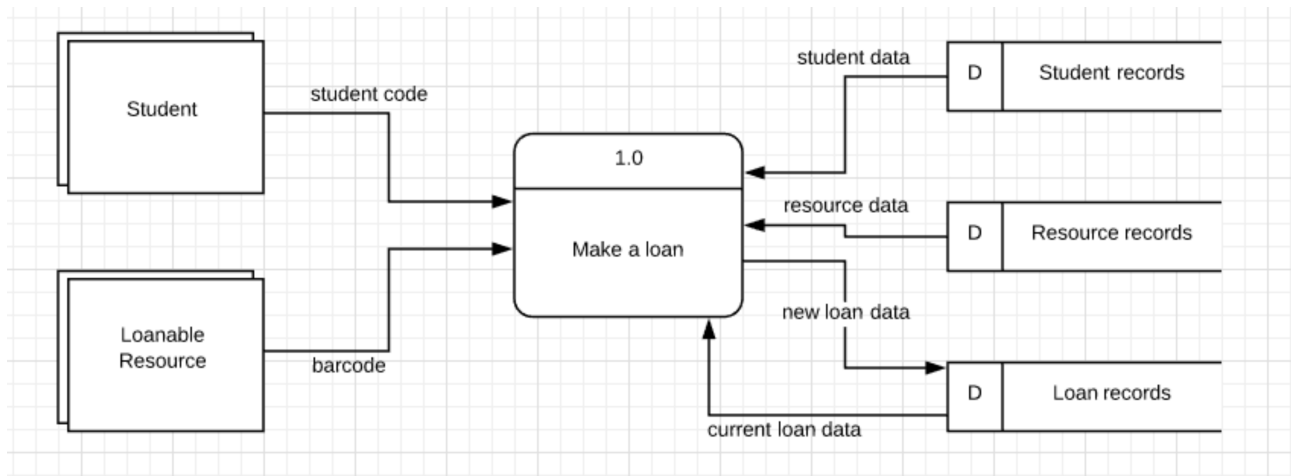

Your turn

Problem statement:

Suppose ee care concerned with the comings and goings of books in the school library. Clearly there are "big" processes like "make a loan" and "return a loaned book"

The following is a context level for "make a loan":

1. Take this to LEVEL 0 of decomposition

2. Now draw a CONTEXT LEVEL DFD for "return a loaned book"

3. Take it to LEVEL 0
