

# Repair Shop

Monday, 5 August 2019 10:39 AM

- Buses come to a garage for repairs.
- A mechanic and helper perform the repair, record the reason for the repair and record the total cost of all parts used on a Shop Repair Order.
- Information on labor, parts and repair outcome is used for billing by the Accounting Department, parts monitoring by the inventory management computer system and a performance review by the supervisor.

Follows is the **Context level DFD**:

Can you take this to **LEVEL 0 DFD**?

one solution is as follows
